June 15th 2018—Week 7 Term 2

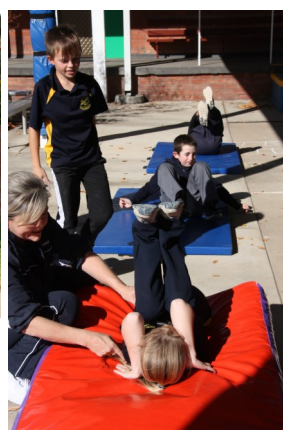

Dear Parents,

Week 7 of Term 2 is done! The learning opportunities the students have been provided with this term have been extraordinary.

A power outage at the end of May presented us with an opportunity to take the students to a special viewing of ***Duck ,Duck ,Goose*** followed by a Ten Pin Bowling experience topped off with lunch. It was possibly the first time many students had experienced a movie on the 'big screen'! It was a great day enjoyed by all!

Sporting Schools Program

A Sporting Schools Grant has enabled us to have Airborne Gymnastics from Wagga to provide their expertise to the students. We have had 2 sessions with two more to come in Weeks 9 and 10. Students have enjoyed the opportunity to practice their balance, flexibility and skill in a range of tumbling, jumping, twisting and turning activities. They have also benefitted by being coached to complete these moves safely.

Wirramunna Environmental Education Centre—Burrumbuttock

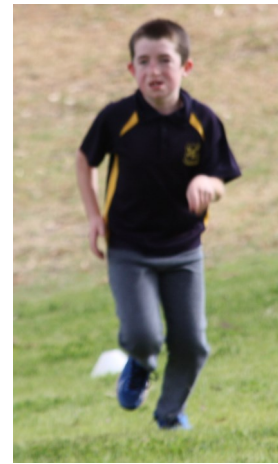

I have just learned today we will have an opportunity to travel to Wirraminna next term to learn more about Indigenous plants and native flora and fauna. This will be a follow up to David Dunne's session on botanical drawing hosted earlier in the year. We will be able to complete some valuable learning in preparation for this excursion. Urana PS will join with our small school partner, Savernake, for this day. The date has been set—Tuesday August 14th

School Photos:

This Wednesday 20th June—look your best, come in full school uniform and bring your biggest smile!

Small Schools Cross Country

Congratulations to all the students for their efforts in running their respective races. We are extremely privileged to have such a local landmark that provides the backdrop to a fun filled day of running! It was very exciting to announce that Urana Public School was the winner of the Percentage Trophy. A highlight for Urana PS was Braxton winning the 5-7 years race! From the Small Schools Carnival, UPS had four students qualify to represent us at The Zone Carnival - David, Ashleigh, Reyen and Melissa. This event was again held here in Urana. Congratulations to these students for their efforts on the cross country track this season!

Duck, Duck Goose

One foggy day there was a white goose and a speckled duck waddling through the woods, chatting about what they should do today. They have been friends for 15 years. The white goose is nearly 17 years old and the duck is nearly 16 years old.

They loved being together until

One day when they were walking through the woods a spotted duck came out of nowhere, this duck is evil! The duck's owner sent him out to hunt a goose and a duck to eat for dinner. The spotted duck trapped the speckled duck and the white goose and took him back to the owner's house to cook for dinner. The owner of the evil duck was called John, he said to the duck "Thank you very much." John ate them for dinner, so did the spotted duck.

Movie Review: Duck, Duck, Goose

Duck, Duck, Goose is a comedy film set in China and produced by Craig Ferguson. It was realized in 2018 with the spot light on Chow and Chi, two little orphan ducks that stumble across a selfish goose called Pang. Pang has lost his flock and plans on using the ducks to protect his broken wing. There is also a wretched cat that wants to eat the ducks. Eventually they reach the hot pools after escaping the butcher and a crazy cat. I recommend this movie to people age 5-15.

Ashleigh Ferguson, Film Critic

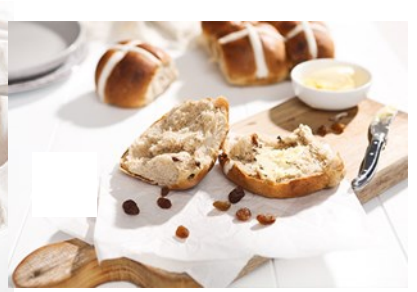

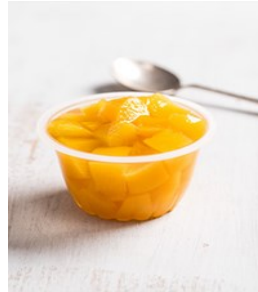

HEALTHY LUNCH BOXES

SWAP THESE

FOR THIS

**IT'S
CRUNCH
TIME**

Refuel mid morning with a natural fruit or vegetable snack, it's sure to get the brain working, you will feel better and learn more!
