29th March 2019—Week 9, Term 1

Dear Parents/Grandparents,

This week's newsletter has been compiled by the students. As part of the class English lesson we jointly construct the important events of the fortnight, using it as an opportunity to look a grammar, punctuation, vocabulary and sentence structure. So, why reinvent the wheel? Here is the UPS news as told by the students.

— **Footy** —

Footy is a source of physical activity. So, Will and Brad who work for the AFL, come out from Wagga to help us develop our footy skills – handballing, kicking, bouncing and marking. Next week is our final session. It's been lovely having Savernake join us.

But wait, there's more – they are bringing an inflatable 'speckie machine'!

Eat the Rainbow

'Eat the Rainbow' is a challenge which is designed to increase your daily fruit intake and to encourage kids to try fruits they haven't tried before. Let's try different coloured fruits!

The Mascot Challenge

We are participating in the Sydney Thunder Mascot Challenge which consists of a week of catching, throwing and bouncing to work on our cricket skills.

Weekly cooking is where students cook up a storm each Tuesday. Thank-you to Mrs Cottrell for taking the lead, with Jono, her able assistant.

Wraps were on the menu this week and last week we enjoyed sausage pasta! The students even made cupcakes for an extra treat. The students prepared this very tasty treat themselves and afterwards contributed to the cleaning up. This is proving to be a very valuable Tuesday activity

Coming Up:-
Next Tuesday, 2nd April
at the Urana Aquatic Centre
is the Small Schools Cross Country.
(this year will not have a water
view, the dam is almost dry)
On the 11/12th April, Yr 4
students will be staying overnight
and participating in robotics and
coding activities.
Michelle Meracis is going to spend
the day with Yr1-6 and Mrs
Gleeson and do some design
thinking on the 10th April.
In the last week of term
we are watching the
movie BFG. We have
been reading the
adventures of the BFG and
Sophie. Roald Dahl's world
is extremely creative.
We have also made our
very own 'dream jar'

Will we like the
movie as much
as we have
liked the book?
