20th June 2019—Week 8 Term 2

Dear Parents/Grandparents,

What a busy term this has been! I am very proud of each student and appreciate the hard work they have put in this term. As the term is coming to an end and projects are being finalised, we are very much looking forward to our end of term assembly which will be held next Tuesday 25th June. The students are excited to be sharing their work with parents and community; showcasing what they've learned and new skills they have developed. Everyone is welcome! Please join us for a BBQ lunch at 1pm prior to the assembly.

On Thursday 27th June, our director Troy Mott will be visiting the school. The students will be sharing with Mr Mott what they have learned throughout the term and Mr Mott will be also be spending time with them in the classroom and interacting with them in their daily class activities. We look forward to welcoming him!

Another eventful day will be the last day of term, Friday 5th July. Parents and community are welcome to join with us any time from 12pm—3pm for NAIDOC celebrations. Jono is organising the afternoon, and is planning some traditional Aboriginal cooking and arts and craft activities. The 2019 theme for NAIDOC is "Voice Treaty Truth- Let's work together".

Student Semester 1 reports will be sent home at the end of Week 10. Please feel free to arrange an appointment with me to discuss the progress of your child's/children's learning if you have any concerns at all. Hopefully there will be no surprises! Appointments can be arranged before the end of term, for either this term or next term.

I wish you all a safe and happy holiday!

Anita Houldsworth

Relieving Principal

What is happening in our school?

We have been quite busy over the last couple of weeks especially with our cross country participation and with our school projects.

We had our small schools cross country race down at the Urana Aquatic Centre and Melissa was fast enough to qualify for the zone at Gundagai and ran 8th in a field of 48.

This term we are study weather and climate.

We have looked at the types of clouds that appear in the sky and what they can tell us about weather to come. Our class has also watched a video which showed us the results of natural disasters such as tornadoes, storms, earthquakes and tsunamis.

We are now doing project such as a study of clouds and how to present weather reports.

We have had our school photos taken and of course we looked very handsome.

Pictures on the next page.

RIVERINA ZONE CROSS COUNTRY

I was the representative for Urana Public school at the Riverina Zone Cross Country which was held at Gundagai on the 13th June 2019.

The course was a two kilometre race and was designed to make us weave around a bit rather than run in a straight line.. There were 48 girls in my race and we all left together when the whistle blew. It was muddy and there was a lot of cow manure all over the track. I started off with butterflies in my tummy but soon all I could think about was not stepping in the cow poo. It seemed a lot longer than two kilometres because of this.

I ran with the top 10 or so for most of the race and I finished 8th overall.

What is happening in our school?

I take Lypine and barley
 seeds from an egg of the
 egg carton the roots can
 grow to the dirt the Lypine
 look like

By Scott

The Lupins and The
Barley seeds hav popd
up out of the egg carton.
The roots hav grown in
to the dirt. The Lupins
look like green stars.
